

Clean Earth Solutions is an environmental firm focusing on the education, prevention and remediation of various types of contamination. The scope of services offered by **Clean Earth Solutions** fall under two major headings. These headings are “Products” and “Services”. Under each individual heading are specific areas of expertise that provide our customers with comprehensive programs to prevent, identify, and eliminate contamination liabilities and responsibilities. At **Clean Earth Solutions**, we begin each project analytically, work through it diligently, and finish it to our own high standards, as well as our clients complete satisfaction.

PRECISION TANK & ULLAGE TESTING

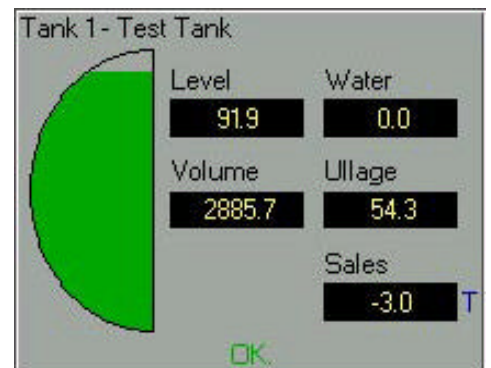

Clean Earth Solutions offers PRECISION TANK and ULLAGE TESTING using the USTest 2001P systems. As with all of the services offered by **Clean Earth Solutions**, PRECISION TANK and ULLAGE TESTING is conducted “in house”, by our own certified technicians. These technicians and testing equipment are strategically located across Texas, Oklahoma, Arkansas and Louisiana ! Other states and areas are equally served by **Clean Earth Solutions**, with response times as little as 24 hours ! **Clean Earth Solutions** is capable of testing 4-12 foot diameter tanks and up to 6 tanks at one time. With almost 100 years of combined precision testing experience and well over 100 years of fueling system experience, **Clean Earth Solutions** provides unequalled service and knowledge, delivering accurate and timely testing data.

Support and “Other” Precision Testing Services Offered.

- ✓ Precision Line Testing utilizing the Acu-Rite Pipeline Tester
- ✓ Precision Leak Detector Testing utilizing the TSC 1000 Testing System
- ✓ Helium Leak Detection Equipment to Pin Point Leaks

Contact **Clean Earth Solutions** for answers to all of your testing concerns. Wether for an SIR verification, a new tank install or periodic regulatory testing, you can count on **Clean Earth Solutions** to deliver !

Innovative Solutions for A Cleaner Earth
